Semester-V

CC-XI and XII, DSE-III and IV Offline AssignmentSubmission Full Marks: 60

All the students of **Sem-V**, **English Honours** are hereby requested to submit **hard copies of their respective assignments** in the Department of English, Krishna Chandra College from 11th **December**, 2021 to 23rd **December**, 2021.

- ➤ Place of Submission: Department of English (2nd Floor of New Humanities Building)
- ➤ **Time of Submission:** From 11 AM to 3 PM on all working days.

1. Answer any four of the following questions: 10X4= 40

- a) "In *The Shadow Lines* home is in an allegorical relationship with the nation." If you do agree with the above statement substantiate it in your answer with relevant citations from the textand if you do not agree, give reasons to your answer.
- **b)** "Woolf's representation of Septimus Warren Smith as the shell-shocked war hero, operates as a pointed criticism of the treatment of mental illness and depression." Elucidate that Woolf criticises the contemporary medical discourse through Septimus' decline and suicide.
- **c)**Explicate how the sudden deterritorialization of the primary dwellings such as the birthplace, language, family, and culture the grand narratives that are regarded as the conventional coordinates of human identity in the vortex of an orginatic massacre -has been documented in Manik Bandopadhyay's short story *The Final Solution*.
- d)Stephen Gould Axelrod writes that "at a basic level, *Daddy* concerns its own violent, transgressive birth as a text, its origin in a culture that regards it as illegitimate a judgment the speaker hurls back on the patriarch himself when she labels him a bastard." Do you agree with the above statement that the poem is actually an allegorical representation of the poet's fears of creative paralysis, and her attempt to slough off the "male muse"? Elucidate.
- e)Expound how in Mahasweta Devi's "Draupadi", the central figure Dopdi Mejhen inverts the whole system of significations theepic *Mahabharata* is premised upon? The meanings that the Mahabharata-episode assigns to sexual assault and nakednessi.e.shame, loss, fear only serve to consolidate the operating relations of power. Show how Mahasweta's Dopdi ironically reverses the semiotics of these signs to produce a sense of bewilderment, incomprehension and scare among the male-violators?
- **f)**How would you explain the William Butler Yeats' poem *The Second Coming*'s relationship to the *Bible*? Most of the symbols are very general and timeless, like something out of the *Book of Revelation*. But it's also easy to tell that this is *not* the Bible. For one thing, Christ doesn't show up at the end, but a "rough beast". Does the poet sound like a religious man, and, if so, what kind?
- **g)**Mansfield creates a 'façade' for her female protagonist, indicating that "really-really- [Bertha] had everything", while instituting a repression of her innocent proclivities, which would, in any case, be deemed "absurd". Do you agree that Bertha's independent thought becomessubject to fragmentation due to

thepsychological conflict arising between her own instinctual sexual desires and the expectations of the social world?

h)How does the poet Eunice de Souza in her *Advice to Women* comparesa cat's haughtily indifferent attitude towards life, the universe and everything to what a woman's reaction must be when jilted by a lover?

2. Answer any four of the following questions: 5X4= 20

- **a)**Show how Dopdi's song, incomprehensible yet trivial (it is in fact about beans of different colours), and exorbitant to the story, marks the place of that Subaltern "other" that can be neither excluded nor recuperated.
- **b)** Show how in the poem "I'm Wife I've finished that" Dickinson wanted to show the difference inbecoming a "Woman" and a "Wife"?
- **c**) Do you agree in *Toba Tek Singh*, the protagonist Bishan Singh's trauma issociopsychological i.e his notion of trauma is neither singularly cultural nor exclusively psychological; it coalesces the two?
- d) What did Plath mean when she said that "Daddy" was spoken by a girl with an "Electra complex"?
- e) "The structure of *The Shadow Lines* comprises of two important characteristics: that of a non-linear structure and a digressive narrative" Explain.
