1.3 METHODOLOGY :-

Following the Regional paradigm the methodology of this study with the conception of a mauza as a unit of investigation. We divided the environment of the mouza into two broad categories - physical, socio - economic. subjective of the assessment of the physiography has been made. Due to its proximity to the climatic characteristics of Dhalla has been considered to be same as Suri. To have a few of the environment zones we have worked out the general landuse of the mouza. Agriculture landuse and crop calendar of the mauza has been prepared to review the agriculture scenario. Statistical techniques have been applied to unearth the socio-economic characteristics to the mouza.

CHAPTER - 6

6.0 CONCLUSION :-

We set out with the idea of preparing a geographical over view of Dhalla mauza. In this affort we have primarily dealt with demographic economic & patitical aspect of this mouza. Some soliont point arising out from our investigation may be summel up.

- a) the mouza is self sufficient small village but become of its vicinity from Suri there in an effect of urbanization in this village.
- b) There is Wilde caste variation but exists a social harmony.
- c) Percentage of educated people is low but new awareness has awakenal in the younger generation.
