INSTITUTIONAL DISTINCTIVENESS

Our institute is committed to providing high-quality education to all students, regardless of their caste, creed, or gender. Our dedication to distinctiveness in our work sets us apart. A majority of our students hail from the surrounding villages, and we take pride in having a substantial number of female students. Many of our students come from economically disadvantaged backgrounds, and we strive to keep tuition fees and hostel costs affordable compared to other institutions in the district. Our primary aim is to empower our students with knowledge and inspire them to make meaningful contributions to society. We are steadily improving our infrastructure, including our ICT facilities, due to the support we have received under the strengthening component of DBT Star College Scheme. In addition to academic excellence, we prioritize the well-being of our students through special health-related seminars, workshops, and health check-up camps. Our institution values community engagement. Our faculty members, along with non-teaching staff and students, actively participate in social activities such as distributing clothes and food to economically disadvantaged villagers. We are also deeply committed to raising awareness about environmental issues within the local community. These efforts collectively contribute to our institutional distinctiveness.
