## MEGHNAD SAHA INNOVATIVE LABORATORY

### Department of PHYSICS:

Every individual has an inherent innovative skill in his/her mind. But, in most of the cases, due to lack of scope and support these skills find no outlet to get shaped. In order to create a favourable atmosphere for the blooming off such innovative skills for our students from different disciplines, the Department of Physics Krishna Chandra College has launched an open innovative laboratory namely "Meghnad Saha Innovative Laboratory", under the strengthening component of DBT star college scheme.
