Objective:

The college has collected feedback from the parents of existing students for the session 2018-19 for NAAC AQAR by supplying feedback forms. The main objective of the feedback is to know various levels of satisfaction among the parents based on the quality of education their wards are receiving, its relevance from the perspective of job opportunities, as well as overall development necessary for pursuing higher education. The feedback also focuses on collecting information about the facilities provided by the institution and valuable suggestions for further improvement in areas that need attention.

Methodology:

We have surveyed by circulating a Feedback form among the parents. We have received a total of 105 responses. The survey was tabulated using pie charts for further analysis and improvement. We have received the responses on a five-point scale ranging from 1 (poor) to 5 (excellent).
